INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Community Volunteers in Medicine
West Chester, Pennsylvania

We have audited the accompanying financial statements of Community Volunteers in Medicine (a not-for-profit organization), which comprise the statements of financial position as of June 30, 2016, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Volunteers in Medicine as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of Community Volunteers in Medicine as of June 30, 2015, were audited by Shechtman Marks Devor whose report dated October 7, 2015, expressed an unmodified opinion on those statements.

COMMUNITY VOLUNTEERS IN MEDICINE

NOTES TO FINANCIAL STATEMENTS

1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Community Volunteers in Medicine (“CVIM”) is a non-profit community based organization which provides compassionate primary medical and dental care and health education to people who live or work in Chester County who lack access to insurance in order to support their goals to lead productive, healthy and hopeful lives.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, gains, other support, and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

CVIM considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Unconditional Promises to Give

Unconditional promises to give are recorded as received at the present value of their net realizable value, using interest rates applicable to the years in which the promises are received to discount these amounts. Amortization of discounts is included in contribution revenue. CVIM uses an allowance method to determine uncollectible promises receivable. The allowance is based on prior years’ experience and management’s analysis of specific promises made.

Investments

Investments in marketable securities, debt securities and pooled investments held by outside Foundations are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Property and Equipment and Depreciation

Property and equipment are recorded at cost or, if donated, at the fair market value on the date of donation. Property and equipment are depreciated using a straight-line method over the estimated useful lives of the related assets, as follows:

Building and building improvements	30 years
Furniture and fixtures	5 years
Medical and dental equipment	5 years

COMMUNITY VOLUNTEERS IN MEDICINE

NOTES TO FINANCIAL STATEMENTS

1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment and Depreciation (continued)

Expenditures for major renewals and betterments that extend the useful life of property and equipment are capitalized. Repairs and maintenance are charged to expense as incurred.

Net Asset Classification

CVIM reports information regarding its financial position and activities according to the following classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Unrestricted net assets – are those assets that are available for the support of operations and whose use is not externally restricted.

Temporarily restricted net assets – are those assets whose use by CVIM has been limited by donors to a specific time period or purpose.

Permanently restricted net assets – are those assets whose use by CVIM has been limited by donors in perpetuity.

Public Support and Revenue

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Contributions are generally available for unrestricted use unless specifically restricted by the donor.

Contributions are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized.

Endowment contributions and investments are permanently restricted by the donor. Investment earnings available for distribution are recorded as unrestricted net assets. Investment earnings with donor restrictions are recorded as temporarily or permanently restricted net assets based on the nature of the restrictions.

COMMUNITY VOLUNTEERS IN MEDICINE

NOTES TO FINANCIAL STATEMENTS

1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Public Support and Revenue (continued)

Contributions of donated noncash assets are recorded at their fair values in the period received. Donated drugs, laboratory testing, and supplies are recorded at their fair values in the period received as contributions with offsetting expenses. CVIM's policy is to record drugs donated for use of the patients through patient assistance programs as contributions with offsetting expenses. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received as contributions with offsetting expenses. In addition, CVIM receives services of unpaid officers, board members, and volunteers. The value of these services is not reflected in the accompanying financial statements as these services do not meet the criteria for recognition as contributed services. Non-cash contributions reflected in the accompanying statement of activities and changes in net assets exclude contributions of donated publicly traded stock. These contributions are recorded in the same manner as cash contributions, as typically CVIM sells all donated publicly traded stock upon receipt.

Functional Allocation of Expenses

The costs of providing CVIM's program and supporting services have been summarized on a functional basis in the statements of activities and changes in net assets. Accordingly, certain costs have been allocated between the program and supporting services benefited.

Building Expenses

CVIM leases a portion of its building to unrelated tenants. Building expenses related to CVIM's operations are classified in program services and supporting services. Building expenses related to rental income are classified as non-operating activities.

Income Taxes

CVIM is exempt from federal income and excise taxes under the provisions of Internal Revenue Code Section 501(c)(3), as well as exempt from state income taxes. CVIM is not a private foundation.

Management of the Organization considers the likelihood of changes by taxing authorities in its filed income tax returns and recognizes a liability for or discloses potential significant changes that management believes are more likely than not to occur upon examination by tax authorities, including changes to the Organization's status as a not-for-profit entity. Management believes the Organization met the requirements to maintain its tax-exempt status and has not identified any uncertain tax positions subject to the unrelated business income tax that require recognition or disclosure in the accompanying financial statements.

COMMUNITY VOLUNTEERS IN MEDICINE

NOTES TO FINANCIAL STATEMENTS

6 - PERMANENTLY RESTRICTED NET ASSETS

CVIM's Lawrence dental endowment consists of funds established to support the operating, program and capital needs of their dental program. Contributions to the endowment are subject to donor restrictions that stipulate the original principal to be held and invested indefinitely. CVIM's Hattersley endowment consists of funds established to support the general operating, program and capital needs of CVIM. Contributions to the endowment are subject to donor restrictions that stipulate the original principal to be held and invested indefinitely.

CVIM requires the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds. As a result, CVIM classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. CVIM considers various factors in making a determination to appropriate or accumulate donor-restricted endowment funds.

CVIM has adopted investment and spending policies for endowment assets that attempt to subject the fund to low investment risk and provide current income. CVIM's objective is to provide capital for their medical programs, preserve endowment assets without subjecting them to substantial risk, and provide additional growth through new gifts.

Permanently restricted net assets consisted of the following:

	June 30,	
	2016	2015
Lawrence dental endowment	\$ 139,177	\$ 139,177
Hattersley endowment	376,791	376,791
<u>Total permanently restricted net assets</u>	<u>\$ 515,968</u>	<u>\$ 515,968</u>

Investment earnings on these endowment funds are considered unrestricted and are utilized during the fiscal year.

COMMUNITY VOLUNTEERS IN MEDICINE

NOTES TO FINANCIAL STATEMENTS

7 - FAIR VALUE MEASUREMENTS

CVIM's investments are reported at fair value in the accompanying statements of financial position. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although CVIM believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. CVIM uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, CVIM measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were utilized by CVIM for the years ended June 30, 2016 and 2015.

Level 1 – Fair Value Measurements

The fair value of equities and mutual funds is based on quoted net asset values ("NAV") of the shares held by CVIM at year-end. The fair value of corporate and government bonds ("bonds") is valued based on the NAV of units held by CVIM at year-end. Although the bonds are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market.

Level 2 – Fair Value Measurements

The fair values of the pooled investments held in Community Foundation are valued based on the net asset values ("NAV") of the underlying investments held within the Foundation. CVIM considers the measurement of its pooled investments to be Level 2, because it has limited ability to redeem its investments.

8 - FINANCIAL RISK AND CONCENTRATION OF CREDIT RISK

CVIM's investments are exposed to various risks such as interest rate, market and credit. Due to the level of these risks, it is possible that changes in risk in the near term could materially affect investment balances and the amounts reported in the financial statements.

CVIM maintains cash at various financial institutions. At times, cash in these accounts may exceed the Federal Deposit Insurance Corporation limit and the National Credit Union Administration limit of \$250,000. Uninsured cash at June 30, 2016 was approximately \$760,000. Per CVIM's investment policy, a cash reserve of approximately six months' operating expenses is required to be maintained.

9 - LEASING ARRANGEMENTS

CVIM leases space to unrelated tenants under noncancelable operating leases. These leases will expire at various times through March 2020. These leases have escalation clauses which are recognized ratably over the lease term, with the deferred rental income recorded as an other current asset within the statement of financial position. As part of the lease, the tenants remitted security deposits which are to be returned at the conclusion of the lease if all lease obligations are met.

The following is a schedule by years of future minimum rentals expected to be received under the leases:

Year Ending June 30,	
2017	\$ 155,885
2018	137,307
2019	133,675
2020	86,405
	<u>\$ 513,272</u>

Building expenses consist of the following:

	Year Ended June 30,	
	2016	2015
