

## Volunteer Star

**NANCY SUPPLEE**

**DATA ENTRY**  
**1<sup>3</sup>/<sub>4</sub> Years**

### **What is your volunteer role at CVIM?**

After each visit to CVIM, information on what the patient was seen for that day, any lab tests or other procedures performed, and any recommended treatment is recorded on a sheet by the doctors, counselors, dentists, etc. I then enter that patient information into the computer system. I also enter information on patients who have been screened for eligibility for future use.

### **What brought you to volunteer at CVIM?**

After retiring from a local doctor's office where we referred a number of patients to CVIM, I thought that it would be wonderful to be able to continue to apply my skills on a regular basis.

### **How does volunteering at CVIM make you feel?**

Wonderful! It's so rewarding, and everyone makes you feel needed.

### **To interest her friends to volunteer at CVIM, she would say:**

The people are great, and you have an opportunity to perform good works for the community.

### **Have you recruited any other volunteers to work at CVIM?**

I've been able to bring in one volunteer so far, and I'm working on bringing in several more to help in the clinical area.

### **Nancy has worn other hats:**

Nancy worked for a doctor for 9 years, gaining valuable experience and skills that come in handy at CVIM.

### **When Nancy is not at CVIM, she likes to:**

Travel, follow Eagles football, watch her grandchildren play sports, and shop in cute little towns.
